Greetings

Welcome to the first issue of 2008 Islands Marketplace Free Classified Ad Magazine. While the page count of this issue is smaller than usual the potential for a great year of publishing is enormous. You may notice a couple changes to the front page, which are obvious improvements. One is that there is a banner advertisement and the other is the volume and issue number. The latter is quite important and common in publishing and I didn't initialize it with the first issues, as I didn't think the Marketplace would even continue past the one year mark. Thanks to the support of local businesses and advertisers and overwhelming public response for a much needed community service, I can visualize the volume numbers continuing on in to the future.

Now is such an important time for public input into this publication. As a new year approaches us I am hopeful to have more contributors of stories and photos, art and cartoons, events and more great ideas to make this community minded publication the best that it can be. It is the only locally owned, operated and printed Saltspring Island publication that offers free classified advertising and free ads for non profit groups. Since Victoria based company Black Press lists the local newspaper as one of their own (according to their website: www.backpress.ca), it is more important than ever to support The Islands Marketplace Free Classified Ad Magazine. You won't see any WalMart ads here.

Our online presence will continue to grow in 2008 as we work towards offering more features on our website: www.islandsmarketplace.com. Our website is easy to find, easy to navigate, easy to upload and browse the online ads. Each print issue is available in complete pdf format and we also offer website ads and links for our business advertisers.

My husband and I, who own and operate The Islands Marketplace, are committed to offering the Gulf Islands communities a new form of communication via free advertising for non-commercial advertisers. Please fill out and submit the reader's survey on page 15, so we can serve you better. We are eager to promote small business and non profit and help keep the local economy healthy and strong for generations to come. Why? Because we live here, we shop here, we raise our daughter here and we love it here. — Sandi Poystila

Get Fit with Friends in 2008

By Darlene Steele

We are the little gym that could! Last March eight Island women joined together to invest a small amount of money and a ton of time and energy to open our own small gym. We decided to call it Friends Fitness because we wanted the feel of the place to be like a club for friends to come and enjoy not only the fitness experience but also a relaxed friendly atmosphere. There is no competition here, no need to wear spandex, no pressure to pump heavy iron; just a gym to work to your own personal best.

So who are the women who decided to start the gym; well, they are mostly "Boomers" who wanted a place to work out after the old Curves closed. They responded to the outcry that occurred when the Curves members needed a new place to work out. The vision that the founding members had was a

gym to focus on maintenance of health, full functioning and a sense of general well being for everyone, both men and women.

We have a 13 station Keiser circuit operated by air compressed pneumatics. What is special about this equipment is it can be used for post hospital rehabilitation, health maintenance or for muscle building for elite athletes. With 0-300lbs of pressure, Keiser equipment can be set for each individual user with the press of a thumb or the tap of a toe... "that was easy"! There is no changing of weights and fiddle faddle, it is all very seamless. After giving it a try, everyone loves it - they talk about its ease and effectiveness.

We have three treadmills, two exercise bikes and a trampoline for Cardio. Word is out and we operate a free book exchange and recirculation of magazines to our

"You can do it! We're here to help!"

Friends Fitness offers free, no obligation intros in their clean spacious and fun fitness environment. Try it once and you'll come back for more!

members.

In order to maintain high levels of interest we offer value added programs for the general public and our own members. In January we will run Pilates, Tai Chi and a Body -Mind Fusion programs. We hire professional teachers for these courses and they are rated as "fantastic" by our members.

Many of the people who come to our gym have health issues; such as joint replacements, cardiac health concerns, back pain. We work with each person to set up a program suited to their individual needs. We have had great results to date.

There are also two different weight loss programs available. We assist people with exercise programs and diet. We have many very happy thinner people attending the gym now as compared to 6 months ago. These are people who have wanted to lose "that 30 pounds" for years and couldn't. Now they have!

If you have a New Year's resolution to get toned, lose weight or inches, or just to be more active, don't give up - come and see us, let us get you on the road to success. New members are always welcome, come on it and try it for free - no appointment necessary.

The "Ki" to Health

By Shelley Easthope

- Explore and experience Ki - the dynamic life force.
- Understand the interconnection of body, mind and spirit.
- Learn techniques to release pain and transcend resistance; to allow ease of movement and successful living.
- Feel relaxed and rejuvenated, ready to live and work with energy and enthusiasm.

Shelley has developed the Ki to Health seminar to provide practical tools and techniques to help you experience more energy as you deal with daily challenges. During the seminar you practise simple exercises to improve flexibility, strength and balance; learn more about ki through a process of 'ki testing'; practise visualization and breathing techniques to increase the flow of ki through our bodies; learn to apply ki through basic shiatsu technique which can be used on oneself or others to release blocked ki or tension.

Shelley draws on a background of study, including sociology and psychology, yoga, education, aikido, dance, consensus facilitation and almost 20 years of professional shiatsu and Reiki practice in the creation of this seminar. Participants experience connectedness - the infinite flow of ki connecting our centre with our world. The experience supports us in walking our paths more gracefully.

Shelley is available to teach this seminar in a one-day format to groups of 10 or more. For more information on holding such a seminar, or to participate in upcoming seminars, contact Shelley: shelleyeasthope@shaw.ca

The Islands Marketplace HOROSCOPE

For your daily stars,
personal horoscopes & more
visit www.patrickarundell.com

Bi-weekly horoscope contributed by Patrick Arundell. Visit his website at www.patrickarundell.com for more great features... see below.

ARIES Mar 21st - Apr 20th

Your travel prospects are bright - whether for business or pleasure. However, don't be in too much of a hurry to get your destination, better to enjoy the journey and take in the scenery. The realm of ideas can see you sparkle, with particularly good vibes between you and close friends. However, you could find yourself locked in a legal wrangle.

TAURUS Apr 21st - May 21st

Your determination to better your lot can be particularly high. Don't take shortcuts though Taurus, for as much as the good life appeals, it'll take tremendous hard work if you want to achieve something that's sustainable. Unscrupulous tactics and people should also be avoided. Romantically? You can connect with someone with very intense eyes.

GEMINI May 22nd - Jun 21st

Business deals are to the forefront. This can include a property transaction or improvement scheme. If you're seeking bids, get three or four quotes. Don't necessarily go with the cheapest or with who seems the most obliging. Look for those craftspeople that are reliable and trustworthy. Getting the job done well should be your priority.

CANCER Jun 22nd - Jul 23rd

Not everyone you work with is quite as sweet and straightforward as you'd like and a fair amount of office or factory politics can be flying around. However, the New Moon helps you to stay particularly attuned to undercurrents and your natural people skills can see you head off minor grumbles. For anything else, don't be kidded by false charm.

LEO Jul 24th - Aug 23rd

Someone you've been waiting to hear from can be in touch. The news on a delayed appointment can also come through. If you're determined to stick to those resolutions you made, Mars and Pluto can give you plenty of grit and drive. However, the New Moon is the influence that can really help you clean up your act. Now it's down to you.

VIRGO Aug 24th - Sep 23rd

A playful New Moon is a great way to celebrate the dawning of the first full week of 2008. This can make you impish, but entertaining company. However, with Mars and Pluto in opposition an older face could rewind into your life. This person may have elements of their nature that you find hard to accept. But then is it you trying to overly boss things?

LIBRA Sep 24th - Oct 23rd

The last thing you'd think you'd need to do as a New Year dawns is to be reminded of last year. However, because of Mars' backward drag something that happened in September can once again come to the fore. Someone with a "might is right" attitude may need facing up to, yet a prize you hold dear may be within your grasp. Choose your words carefully.

SCORPIO Oct 24th - Nov 22nd

Money can be a contentious issue for many of us at this time of year but a deeper problem may need resolving. If you've been disappointed by someone's attitudes, as much as their parsimony, that more stubborn and strident side of your nature may need to come out. For example, if there are assets to divvy up, this can see you at loggerheads.

SAGITTARIUS Nov 23rd - Dec 21st

You can be as keen as the most pungent of mustards to change something fundamental. That's fair enough, that's what fresh starts are all about. However, the trick will be to mask your earnestness. For some strange reason, the more you want something the more folk will put obstacles in your way. Yet later this week, communications can improve.

CAPRICORN Dec 22nd - Jan 20th

If you need to "get on the case" as far as finances are concerned, Mercury is going to be a big ally this week. This is going to give you just an added edge to your word and mind power and this can help you find some great bargains in The Sales, or strike ace deals at work. Creating a new stylish look can also appeal this week. Go on, spoil yourself!

AQUARIUS Jan 21st - Feb 19th

Early year can often see your energy dip. In 2008 however, there are a lot of zesty vibes in order to ward off the January blues. A project that may have trodden water just a bit over the holidays can soon zip back into life and with even more zest. Yet, if you do feel like some time alone, or you feel nostalgic, accept this. You can't always be on the go.

PISCES Feb 20th - Mar 20th

The New Moon is going to help you to connect your ideas for 2008 with your emotional needs. If you can get these to dovetail neatly, you'll have a wonderful chance of success. If however, you're still not sure, there's nothing wrong with taking some time out to mull over your thoughts and wait for the moment when you'll feel more proactive.
