Greetings

Such a beautiful day it was today, made me think that spring was just around the corner, until someone mentioned the weather forecast. February's chilly air, but sunny days and little green sprouts give rise to anxious anticipation of hot summer days and pleasant ocean breezes... soon, patience is a virtue....

In this issue we are thrilled to have a new "What's Happening on Hereford Avenue" page that welcomes everyone to visit the fabulous shops and stops on one of Ganges most popular one way avenues.

As a busy mother of two, with too much to do, I don't get out much to enjoy the night life, but last Saturday was a wonderful exception. Our special Valentines dinner offered by Jesse and his staff at the Falconshead was superb, right down to the presentation. Each bite was a flavour sensation with every dish cooked to perfection. The musical talents of KC Kelly at the restaurant was also very enjoyable. Later that night, at Moby's Pub, Salt Spring's favorite band "Hey Boy Hey Girl" did not disappoint. From Fleetwood Mac's "Second Hand News" to the Stones, "Get Off Of My Cloud" my feet hit the dance floor and just would not stop! Yes, Steph Rhodes, Dave Campbell, Matt Johnson & Tom Hooper were really great.

For those of us who are not planning a trip south, there are some great upcoming island events and entertainment that will get us through the last of the winter blues. At Artpsring in March is the must-see one-woman show "Shirley Valentine" starring Grace Jordan, who captivates the audience with Willy Russell's wonderful story. More events on page 4 and 8.

Please enjoy this issue – Sandi Poystila

Shirley Valentine Makes Her Dreams Come True at ArtSpring

Most people know who Bridget Jones is, but Shirley Valentine? She's something of a mystery to many of those under 30. But to those in the know, she's the witty Liverpudlian housewife who rediscovered herself by following her dreams.

Forever immortalised by Pauline Collins in a career-defining performance on Broadway way back in 1986, Shirley Valentine was written by Willy Russell and went on to become one of the most lauded and popular plays of the 80s.

And now, Shirley Valentine has made its way to a stage on Salt Spring at ArtSpring on March 6th & 7th. It's not easy to be on stage alone for two hours, and play all the characters, but Saltspring Islander Grace Jordan's performance of this one-woman play makes the attempt thoroughly captivating and entertaining.

How many times in your life have you let a great opportunity slip by because of your fear? Life can take it out of you. Shirley's message is to go back out there and be brave! says Jordan. And as Valentine, Jordan takes us on a transformational journey from a lonely housewife with an empty nest and a loveless marriage who dreams about drinking a glass of wine in a country where the grape is grown as she fries up her husband's chips and eggs. Out of the blue, her feminist friend offers her a holiday in the sun. With great trepidation, Shirley seizes the opportunity and flies off for a fortnight in the Greek Islands. Once there she finds the love, joy, wonder and passion she left behind in her youth.

Friday and Saturday night's multi-faceted performance marks the beginning of a West coast Spring Tour of the play, which includes Hornby Island, Gabriola Island, Galiano Island, Lake Cowichan, North Vancouver, Sooke and the Sunshine Coast.

For a full list of tour dates see www.shirleyvalentine.ca.

Grace Jordan deserves a purple heart for her performance in Shirley Valentine. Before Ms Jordan takes Shirley Valentine on the road. I recommend you seize the opportunity, says the Driftwood's own Peter Vincent.

Here's your chance to fall in love – with England, with Greece and without a doubt the unstoppable Shirley Valentine. Whether it's your first time or if you've come back to rekindle an old flame – you're sure to leave enchanted!

Grace Jordan's fabulous performance as "Shirley Valentine" will inspire you to follow your dreams.

Salt Spring Island Daycare Celebrates 30 Years

This year, Salt Spring Island Daycare celebrates 30 years of service providing Early Childhood Education and Childcare to Salt Spring Island families.

Salt Spring Island Daycare was originally founded by Barb Aust and Cathy Mazzei, along with Heather Cashin. Over the years it has provided full day, high quality preschool programming and child care to hundreds of island children, including those with special needs, five days a week, at affordable rates.

Today, Salt Spring Island Daycare is caring for and educating its second generation of Salt Spring Islanders and currently cares for the children of over forty island families. We continue to offer a high quality preschool program and licensed daycare, along with an afternoon kindergarten program. In conjunction with Queen Alexandra Children's Hospital, programming for children with special needs is delivered in a setting that is integrated with the regular programs. These services are delivered by professionals of the highest calibre and we are grateful and very fortunate to have them caring for our precious children.

As part of our 30th Anniversary Celebration, we are very excited to be hosting an event on February 28th at the Community Gospel Hall. We invite you all to attend to help us celebrate our 30 years of service to the community and its families.

Our 30th Anniversary event will feature a wonderfully talented pair of young ladies known as "Bobs & Lolo". Clearly up-and-coming talent, they are children's entertainers whose full length album "Action Packed", recently received international acclaim as awards recipient of the 2008 Best DVD for Preschoolers, from the US-based Children's Music Web Awards. Their album *Musical Adventures* won the Silver Honor of the 2007 Parents' Choice Awards. Bobs & Lolo regularly perform across Canada and the US. They have been featured in many children's festivals and community celebrations throughout British Columbia, in particular. On Feb 6, Bobs & Lolo made the move to television, when their full length videos appeared on Tree House TV Network.

We are extremely lucky to have this marvelous pair perform at our 30th Anniversary Celebration. This will be their first trip to Salt Spring Island, and we hope to make it an annual event.

Both women have a background in teaching. Their programs are designed to educate, inspire and engage children, as Bobs & Lolo teach kids to care about themselves, their neighbours and the planet. Their show is lively and the music, with its distinct green theme, is catchy, enjoyable and easy listening, for kids and parents too.

Award winning "Bobs & Lolo", children's entertainers come to Salt Spring Island on Saturday, Feb. 28 at 11am.

Our 30th Anniversary Celebration will be held on February 28th, 2009, at the Community Gospel Hall. Doors will open at 11:00, with the show beginning at 11:30 for 50 minutes, followed by a meet and greet by the performers. The celebration continues with a food concession, face painting, an imagination station, a silent auction, displays of children's art through the years, and a presentation to our supporters. Door prizes will be awarded throughout the event.

We hope to see many of our alumni (many of whom now have young families of their own) come out to share in this celebration with us.

Tickets are available at Fables Cottage, West of the Moon and Acoustic Planet - \$10 in advance; \$12 at the door.

Come celebrate - see you there!

Dear Editor:

The Raw Food classes have been wonderful. I have been given the opportunity to meet some truly remarkable people. Some of the classes are filling up quickly, so don't hesitate to register for one of my upcoming workshops. Visit www.rawsomelivingfoods.ca for more info.

We also offer weekend retreats in a "raw" environment. Spend a day, or a weekend, eating fresh organic living food and enjoy an individualized raw food preparation workshop. Please contact me for more information.

What matters is not just what you bring into your diet but what you leave out. It's no good eating lots of fresh vibrant food if you "balance" it out with take-outs and diet drinks. Much better to make all of your food choices, good healthy choices. But remember the more raw food you eat, the better you will look and feel.

The raw food journey never

ends, but it does get increasingly rewarding and exciting. Not only is there a whole new world of food and drink waiting for you, but raw food tends to attract some pretty amazing people. Wherever your interest in raw food takes you, I can guarantee you that you'll be very glad you took the time to investigate it, because you'll be amazed at how your relationship with food and your body changes and you'll be fascinated at what you discover along the way.

Thank you for your presence, Jim Maurice, Raw Chef/Instructor, Rawsome Living Foods

Dear Jim

That is so great that your raw food classes are successful. I have heard so many positive things about eating raw food, healthwise and taste. I would love to sample some of your delicious dishes.

The Islands Marketplace HOROSCOPE

For your daily stars,
personal horoscopes & more
visit www.patrickarundell.com

Bi-weekly horoscope contributed by Patrick Arundell. Visit his website at www.patrickarundell.com for more great features... see below.

ARIES Mar 21st - Apr 20th

A huge amount of activity in your sector of future hopes, gives you a platform to identify your needs and take a giant stride towards them. And the more you link with others the more you're likely to flourish. Yet as far as your network is concerned, it's a case of not how many, but how good, and a shift of emphasis sees you cherish sincere companions.

TAURUS Apr 21st - May 21st

If you're attracted to someone, a mutual, respected friend may put out the feelers on your behalf to test the water. Equally this can be true at work, where behind the scenes moves can establish just how the land lays. If you're making a bid for greater recognition, Mercury will help by sharpening up the way you represent yourself and your talents.

GEMINI May 22nd - Jun 21st

How you are viewed by others can become important. And with uncertainty in the world of work, this week's New Moon suggests flexibility and travel are likely to be themes. All this can also see you journeying to attend an interview, or actually looking for work in a new locality. If you are offered a training scheme to learn new skills, it may be crucial.

CANCER Jun 22nd - Jul 23rd

The New Moon in Pisces, gives your horoscope a more expansive feel, but there is still enormous activity around financial issues, property and the valuables or assets that you share with others. You could seek the recourse of a lawyer or an experienced friend to help you navigate what is best for you - especially if there is carving up to be done.

LEO Jul 24th - Aug 23rd

Think back to the first ten days of January. Something was discussed, but over time this has either drifted off the radar or got bogged down in petty differences. Now you've the opportunity to get much more constructive dialogue in motion. Once more, this calls upon you to listen, as much as speak, but this can see a rewarding improvement in a close tie.

VIRGO Aug 24th - Sep 23rd

The natural energy from the sky which is being directed in your direction, remains high, but whether you're harnessing this or not, depends on whether you're using too much of it in pursuit of perfection. Ironically this may not be on your own behalf. You could easily get caught up in being too conscientious. However, some valuable feed back beckons.

LIBRA Sep 24th - Oct 23rd

Your ruler Venus continues to make a fantastic link to both Mars and Jupiter. However, the Sun moves to a more practical location, whilst Mercury links brilliantly with Jupiter. All this can arouse the most creative side of your nature, but you're being asked to mesh with your stylish artistry, hard and fast application. It's a case of form and function.

SCORPIO Oct 24th - Nov 22nd

There has been an enormous amount of activity in the sector linked to security be it emotional, physical or practical. This continues apace this week, but with a subtle but powerful change of emphasis, one that can see you emerge from a more inward looking period, whilst staying mindful of your deeper needs and those affecting members of your family.

SAGITTARIUS Nov 23rd - Dec 21st

With Saturn and Uranus still locked in a difficult, seemingly intractable opposition, balancing your worldly and emotional needs remains a central theme. How you get there is the issue. And there's likely to be a lot of lively debate, but look out for one chat or person which helps to shine light - on a more intuitive basis, about what you're discussing.

CAPRICORN Dec 22nd - Jan 20th

There's a richness about your 'scope, and this may see you enjoy good fortune financially, but equally it can see you re-evaluate exactly what represents value to you. Thrift could become attractive, consolidation appeal and understanding what's really meaningful may relate more to people than possessions. New recipes can also switch you on.

AQUARIUS Jan 21st - Feb 19th

The Sun vacates your zodiac sign, and will be back in eleven months. However, it's replaced by the fleet footed Mercury which in turn connects splendidly with other Aquarian planetary residents as they mix with the svelte Venus. All this suggests the projects or ties that have stumbled are now set to speed up and take on a more recognisable and lasting shape.

PISCES Feb 20th - Mar 20th

So much has been going on behind the scenes, and frankly will continue to do so. However, the Pisces New Moon during midweek can be the springboard for you to get on the front foot. So whilst there may be a time of some endings, and any beginnings may not be immediately obvious and be rather muted, none the less a shift is in the works.
