Greetings

In this issue of The Islands Marketplace we are pleased to invite all creative island youngsters, aged three to seven to participate in our Easter colouring contest. It is a good way to spend some of your spring break. There are some great prizes to be won including a free kids swim at the Rainbow Road indoor pool, a kid's Egg Shaker Craft Workshop on Good Friday at the Creative Fire Studio, a package of special Waldorf crayons from Fables Cottage, an Art Book from Salt Spring Books, a pair of soccer shin pads from Island Escapades and two movie passes with pop and popcorn from the Fritz Cinema. So cut out the back page of this issue and be creative with your colouring!! Winners announced next issue.

Once Mother Nature has decided that winter is actually over, our minds easily wander to home and yard maintenance. In this issue we have our special two-page feature on Home Improvement on pages 8 and 9. Our island contractors offer their tips and advice for your home project. From rocks, fences and trees to plumbing, flooring, carpet cleaning, cabinets and eco-friendly construction you will find what you're looking for here.

Check out page 4 for our very popular calendar of events. There is lots going on this weekend, including a transformational workshop with healer Ger Lyons (see page 7), live music by Loaded at Moby's Pub on Saturday, and music by Tom Terrell at the Raven Street Cafe tonight. Also lots of fun activities for kids.

Please let us know if you have any upcoming events you'd like to have promoted and enjoy this issue. – The Islands Marketplace

Spiritual Healing/Core Transformation

"ILLUMINATION" with Ger Lyons

Global spiritual teacher, illuminator and healer from Ireland visit Salt Spring Island.

A powerful and clear, high channel of divine energy

Join us for these powerful workshops with Ger, where stagnation, deadness, fatigue, sickness and disease, old traumas and programming rapidly and permanently become a thing of the past. You will often feel a tingling and powerful energy flowing throughout your body as High Sacred Energies take the body and mind through a very deep purification process, unraveling and transmuting any limitations, opening the cells, expanding consciousness, letting go of fear and allowing the true soul expression to be fully realized.

EXPERIENCE DEEP CORE TRANSFORMATION OF YOUR BODY CONSCIOUSNESS AS OLD MEMORY FROM YOUR CELLS DISSOLVES, RELEASES, AND WE ARE CONNECTED INTO - AND REGENERATED BY- THE LIGHT OF GOD

Ger is a very powerful gifted healer from Ireland. He carries a vast wealth of experience, from a life of passionate exploration of the profound healing gift he was born with.

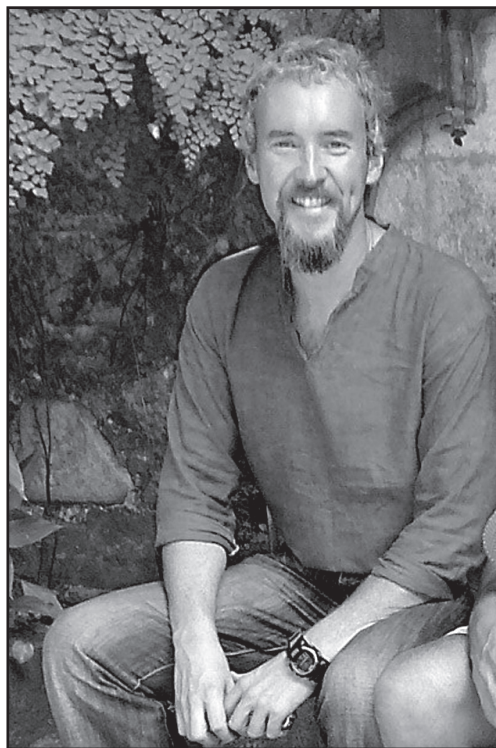

His depth of Knowledge and Wisdom comes from the deep study and relentless research of many Spiritual healing and traditional medicine practices around the world. He tells of how a life of revolution led to revelation, and how brutal torturous darkness became Illumination, as he learned to expose, and transform "lead into gold", - pain into love. He became a modern day alchemist.

His path is one of Freedom, Truth, Illumination and Love. "We are all connected." Ger is a master at his craft - A unique, wise man who walks his talk,

"I am only the messenger, the message is what's important."

Biography

At a very young age, Ger's awareness of reality was already existing in an expanded framework of perception. A simple bee-keeping experience at the age of 8 initiated a rollercoaster ride of universal realisations, connections and healing manifestations. As a child Ger experienced many revelations, like that of : "we are all swimming in the same

Ger Lyons - a powerful and gifted healer from Ireland, offers his "Illumination" workshop on Saltspring Island and in Victoria.

swimming-pool of energetic consciousness, what we do in that swimming pool effects all of us. We are all part of each other. There is no separation " He began to experience other peoples pain and suffering as his own, and was driven by a deep passionate calling to work to heal it.

A Native of Cork in the south of Ireland, as a teenager, Ger began the study of oriental martial arts. He Progressed to study and practice the Oriental Healing Arts, and became a Doctor of Traditional Chinese Medicine. He worked in several hospitals in China and Inner Mongolia. He has studied and taught Shaolin Chi Kung and Tai Chi. He returned to Cork to set up and run an Acupuncture Clinic which became an accredited supervisory clinic for the Acupuncture Foundation. few years later Ger went on to train in Pranic energy healing with the institute of Inner Studies in Manila in the Philippines with master Choa Kok Sui. It was in Manila also that he experienced, studied and researched psychic surgery.

He has also Studied Bio-energetic healing, Quantum energy healing, Breathwork, Sacred Tantra, and he is a Reiki Master. In later years he has gained knowledge and experience from Hopi, Navaho, and Choctaw, Native American Shamanism, and also pre-Celtic Druidic traditions, which opened and empowered him as many ancient gifts emerged from his own paternal Druidic Blood Line.

Ger has lived and worked in Belfast, Northern Ireland, working with groups and individuals, ex-paramilitaries and survivors of trauma, He has also worked in Israel, Serbia, Croatia, Slovenia, Ghana in West Africa, Austria, Germany, Throughout the U.K. and the U.S.A. , Australia, and New Zealand.

He has researched, experienced and worked with Umbanda Trance Mediums and Psychic Surgery in Brazil. He has explored Sacred Chant, Mantras and Free Vocal Expression, in Ireland, London and California . He has worked with His Holiness the Dalai Lama of Tibet. Spring is just around the corner and islanders are beginning to plan their home improvement projects. Here are some great ideas from our island tradespeople, landscaping and home improvement specialists...

With the new Home Renovation Tax Credit the government is offering, it seems like the opportune time to finally finish that house or take something old and make it new again by renovating.

• Green Earth Construction's number one tip, something that makes the most difference when it comes to home renovation projects, is improving the energy efficiency in the home. Replacing windows and insulating your attic or crawl space are some examples.

A close second tip would be to update and improve the look and indoor air quality of the home by choosing building materials that do not contain VOC's, formaldehyde and other known harmful chemicals found in modern building materials.

If our never ending winter has you dreaming of lounging on your new deck or protecting your prized garden with a fence from the herbivorous predator the island is famous for, our tip is a simple one. Choose materials and products that withstand the test of time against the elements. Often times we choose the materials that we are most familiar with, but are

often toxic in production and can gradually release into the natural environment. Do a little research and you will find a greener product that does that and maybe even more to protect your newest addition, or better yet, call Green Earth Construction and we'll do it for you.

• Dave's Blasting and Drilling has been serving Salt Spring Island since 1978. Not only can Dave and his team blast unwanted rock from your property, but they can also help with concrete breaking and curing, core holing and sub earth moling. Now you can also call Dave and his crew for fence building and repairs.

• For paint and flooring solutions count on Clint Hubenig of Benjamin Moore Paints and Flooring. With over 10 years experience, Clint assures you the best advice and product information, even if he can't sell you the product. If you are looking for a specific hardwood, Clint will try to find you top quality Armstrong wood products at reasonable prices. Stop by Benjamin Moore in the Country Grocer plaza next to the new Bottle Depot location. He looks forward to seeing you.

Wonderful Ways to Make Your House into a Home

tips and advice for spring home improvement projects

• When thinking about a new look for your kitchen, Carl Borgstrom of Mouat's Kitchens and Bath has solutions for your budget and taste. A kitchen design specialist with 30 years experience designing & building cabinets, Carl can help you realize your dreams of a clean, fresh new look for your kitchen, home office or anywhere else cabinetry is needed. He guarantees you will get personal, timely service from design to completion and you have the peace of mind knowing that you are supporting the local economy and the job is backed 100% by an established Salt Spring business.

• Cam Davie's Ocean Plumbing and Heating business is based on getting the job, whether large or small, done quickly, efficiently and not holding up other trades as he appreciates how valuable timing is on a job. Calling back within 24 hours also is big for him. Customers and contractors time is precious and calling back is a common courtesy that is somewhat ignored in the gulf islands, as most contractors are usually "busy". When Cam hears, "Thank you for calling us back so quickly," it makes him feel that his company is meeting the needs of their customers and earning the client's respect.

• Reynolds Carpet Cleaning started in 1964. Bernie Reynolds was the owner operator servicing Salt Spring for 44 years. Bernie hired Josh Lacy in 2000 and he has worked for him ever since. In October of 2008 Bernie officially retired and I (Paul Reynolds) joined Josh in the day to day operation of the business. We pride ourselves on having the newest and most up to date equipment available whether it's the most powerful truck mounted carpet cleaner, the latest in tile cleaners or blowers and dehumidifiers for flood restorations. We offer full service contracting for all floods whether it's a burst hot water tank or septic back up. Our cleaning solutions range from industrial to the most environmentally sensitive available and we back all our work 100%.

• John Quesnel of Saltspring Island Metal Recycling is eager to do his part for the environment with his Metal Recycling Business. Beautifying your yard and neighborhood by removing scrap cars and appliances is always a good idea in home improvement and renovation projects.

• Slegg Lumber has all your building needs and materials under one roof. On Fulford-Ganges Road they offer friendly service and competitive prices for building materials, tools and more.

The Islands Marketplace HOROSCOPE

Bi-weekly horoscope contributed by Patrick Arundell. Visit his website at www.patrickarundell.com for more great features... see below.

ARIES Mar 21st - Apr 20th

Mars continues in a potentially tricky area, so don't let any frustrations go unattended. Yet pleasingly, with the Sun and Mercury arriving in your sign, you can be much less introspective or bogged down by hard to fathom fears. If there has been a sense of drifting, this will soon make way for a dynamic new phase in your year. You're back, and how so!

TAURUS Apr 21st - May 21st

You can find yourself thinking back over the events of the last twelve months, or even beyond. This is because you sense that there may be some major issues for you to come to terms with. Some of these can be happy events, some maybe about endings. But by going through this stage you are readying yourself for the next big cycle of activity.

GEMINI May 22nd - Jun 21st

There's little doubt that Mars is giving you considerable leadership potential. If you tend not to see yourself in this way, ok, but this extra clout can work in an everyday sense, and see you more desirous of people's respect. With the Sun and Mercury now adding sparkle to your natural talent for networking, a week of real opportunity lays in store.

CANCER Jun 22nd - Jul 23rd

Pluto plays a major role this week in that it clashes, astrologically, with both the Sun and Mercury. The suggestion is that you may find yourself challenged by the very people you need to keep on-side. To circumnavigate this, it's going to be essential to be straightforward and honest in your approach. Someone important is watching how you react.

LEO Jul 24th - Aug 23rd

People have expectations of you. These have probably been shaped by you when over time you have played a role or been dutiful, and it was something that they got used to and now relate to. You, on the other hand, may feel that you have had enough of being such a good egg, and are in the mood to make a bid for freedom. This may ruffle some feathers.

VIRGO Aug 24th - Sep 23rd

Things can get a bit intense this week. There has been a lot of chit chat, but with Mars now becoming more established in your opposite sign you may be less patient of the perceived failings of others. Yet all of this may not emerge in a particularly logical way. What's more likely is that you are set to be driven by a deeper less obvious, depth of emotions.

LIBRA Sep 24th - Oct 23rd

The Sun powers into the most competitive sector, joining with Venus which has spent time here since early February. The chances are in that time, there's been lots of tantalising conversation - not least romantically, which may have got seriously flirty. Now however, you are urged to make your mind up about anyone you fancy - or take on rivals directly.

SCORPIO Oct 24th - Nov 22nd

Your energy is looking good and you're encouraged to direct your attentions towards applying this around work, health and fitness issues. Good intentions are one thing, but actually putting them into practice, is another. Feeling lively is a good thing but too many late nights chasing the bright lights could squander your surplus quicker than you think.

SAGITTARIUS Nov 23rd - Dec 21st

Things take a positive turn for the better, which is not to say that they have been bad, as much more focused on deeply personal or emotional considerations. Your bubbly humour and energy are set to make a comeback and this can put you in a more outgoing frame of mind. If you have been feeling slightly tongue tied, this is a chance to reconnect!

CAPRICORN Dec 22nd - Jan 20th

There can be more interaction with family members, but with Mars building up speed in your sector of words, you need to be conscious that if there are differences of viewpoint, you could represent yours with all the cutting edge of a political journalist and in so doing create a lot of jagged edges. On the up side, home improvements can take a step forwards.

AQUARIUS Jan 21st - Feb 19th

If you work within the media, the internet, teaching, training or social work spheres, expect a lot of action. In fact, if you are one of those Water Carriers who thrives on lots of comings and goings, you can be in your element. You can also find yourself at the fulcrum of a local campaign. This could be for a better road crossing, street lighting or cleansing.

PISCES Feb 20th - Mar 20th

Your equilibrium may have been shaken recently, but this week is going to give you lots of opportunities to get more grounded. Spending time walking in the countryside, close to nature, would be a super way to approach your leisure time, but at home or work, you'll be in the mood to achieve tangible results. By the week's end, fortune beckons.
